

Catastrophes & Complex Systems: **TRANSPORTATION**

March 30–April 1, 2011 • Renaissance Hotel • 999 Ninth Street, N.W., Washington, D.C.

You are invited to explore the role of transportation systems in preventing, mitigating, responding to, and recovering from natural or manmade disasters at the **DHS Science Conference – Fifth Annual University Network Summit**.

FREE

Attendance to the Summit is **FREE**,
but registration is required.

To register for the Summit go to:

<https://www.orau.gov/dhssummit/registration/>.

During the Summit's **Innovation Showcase**, DHS University Centers of Excellence and other university partners will exhibit homeland security tools and technologies, research capabilities, and educational programs. Please visit us in the Renaissance Ballroom East, **March 30 – April 1** from 7:30 a.m. – 1:30 p.m. For a **preview of the Innovation Showcase**, [click here](#).

Join in a series of interactive panel sessions with leading researchers, innovators, and subject matter experts to explore transportation as a complex system of infrastructure, networks, and people. Don't miss this excellent opportunity to learn about cutting-edge homeland security science and technology research related to transportation systems.

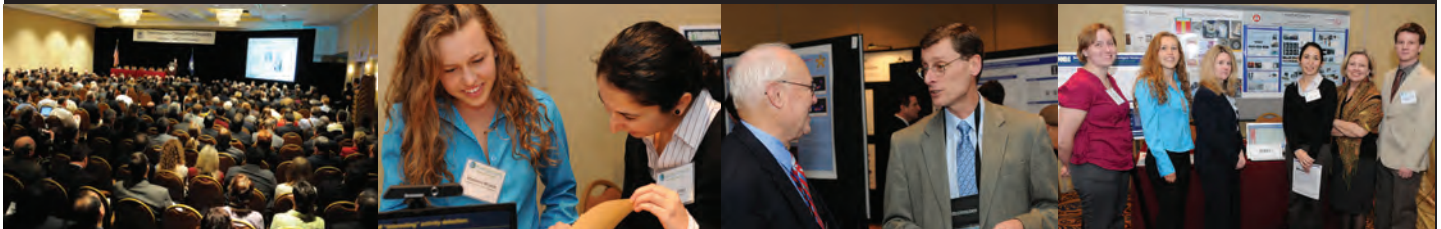

Hear presentations by leading homeland security professionals such as:

- DHS Secretary Janet Napolitano
- TSA Administrator John Pistole
- CBP Deputy Commissioner David Aguilar
- NFL Director of Strategic Security Jeff Miller
- Boaz Ganor, Executive Director of the International Policy Institute for Counterterrorism in Israel
- Neil Stansfield, Deputy Director of the UK Home Office's Office for Security and Counter Terrorism

You are invited to join us for a **Special Reception** sponsored by the Centers of Excellence on Wednesday, March 30 from 5:00 p.m. – 7:00 p.m. in the Renaissance Ballroom East.
